

SAFETY STORAGE CANS

No. 10301

TYPE I SAFETY CANS

Features single spout style for filling and pouring. Funnel/Hose attachment can be added for accurate pouring. One gallon model has fixed handle with trigger release cap. The two to five gallon models feature swing handle design for easy handling of 60-lb.+ loads.

No. 10821

TYPE II SAFETY CANS

These cans have two openings, one for pouring and one for filling. The built-in flexible metal hose is ideal for smooth, accurate, spill-free pouring into small openings. A rear opening permits convenient filling.

No. 11089

BOLT-ON FUNNEL

Galvanized hose for steel cans only.
1" OD x 14" L
Shipping weight: 1 lb.

No. 11202Y

I'M EASY FUNNEL

For steel cans only; 1-gallon and above FM approved.
½" OD x 11¼" L
Shipping weight: 1 lb.

All cans feature positive pressure relief mechanism and free-flow arrester. This protects against explosion and rupture and reliably dissipates heat to stop flashback ignition. The superior powder coated finish resists solvents and provides greater impact and scuff resistance. These cans are easy to carry and easy to pour. The heavy duty terne plate construction protects against abrasion and rough use. Each container is tested under pressure to guarantee leakproof construction.
