

## REFLECTIVE SHEETING

### 3M 3400 SERIES ENGINEER GRADE PRISMATIC REFLECTIVE SHEETING (EGP)

5-7 year material  
For use in commercial or non-critical traffic sign applications  
Meets ASTM D4956 Type I specification

### 3M 3930 SERIES HIGH INTENSITY PRISMATIC REFLECTIVE SHEETING (HIP)

10 year material  
Used to produce durable traffic control signs, work zone devices and vertically exposed delineators  
Meets ASTM D4956 Type III and Type IV specifications

### 3M 4000 SERIES DIAMOND GRADE DG3 REFLECTIVE SHEETING

12 year films: white, yellow, red, green, blue, brown  
10 year films: fluorescent yellow and fluorescent yellow-green  
3 year film: fluorescent orange  
Used to produce vertically exposed traffic control signs and delineators  
Exceeds ASTM D4956 Type XI specifications

Reflective sheeting is available in 6", 12", 24", 30" and 48" rolls  
Available in 50-yard rolls  
Specify size, color and ASTM type when ordering

## SIGN DECALS

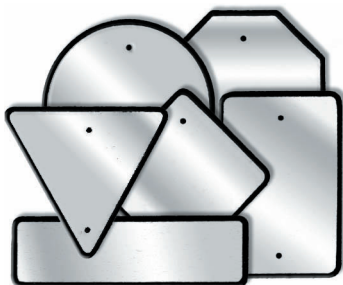

Property of: <b>Your Agency's Name</b>		'21	'23	'25
Property of: <b>Your Agency's Name</b>		'20	'21	'22
<i>It is <b>UNLAWFUL</b> to deface, detach or remove any official road sign or traffic control device. It is <b>UNLAWFUL</b> to buy or sell this item for scrap or any other purpose. Punishable by fine and/or imprisonment.</i>		APR	AUG	DEC
		MAR	JUL	NOV
Report sign damage or theft by calling <b>(000) 000-0000</b>		FEB	JUN	OCT
		JAN	MAY	SEP
		SEP	OCT	NOV
		DEC	NOV	DEC

Decals are 4" x 2 1/4" and may be helpful in deterring sign theft and vandalism. Use decal for marking the installation date of signs, which will assist with the expected sign life management method.

Available in white or yellow and in quantities of 125, 250, 500 or 1,000.

### No. Sign Decals

## ALUMINUM SIGN BLANKS

- Aluminum blanks are treated to meet ASTM B449 specifications as pretreatment for paint or sheeting applications
- Industry standard 3105 alloy grade aluminum
- .080 gauge thickness (except extruded blanks)
- Blanks have radius corners (except extruded street name signs)
- Holes are 3/8" centered top and bottom (except street name signs)
- Specify width measurement x height measurement

Rectangles		Squares & Diamonds	Octagons	Triangles	Flat and Extruded Street Name Blanks
